

# CHIGNIK YOUTH DAY CAMP

Chignik Lake: June 15<sup>th</sup>-17<sup>th</sup> , 2025

Chignik Lagoon: June 19<sup>th</sup>-21<sup>st</sup>, 2025

Chignik Bay: June 23<sup>rd</sup>-25<sup>th</sup> , 2025

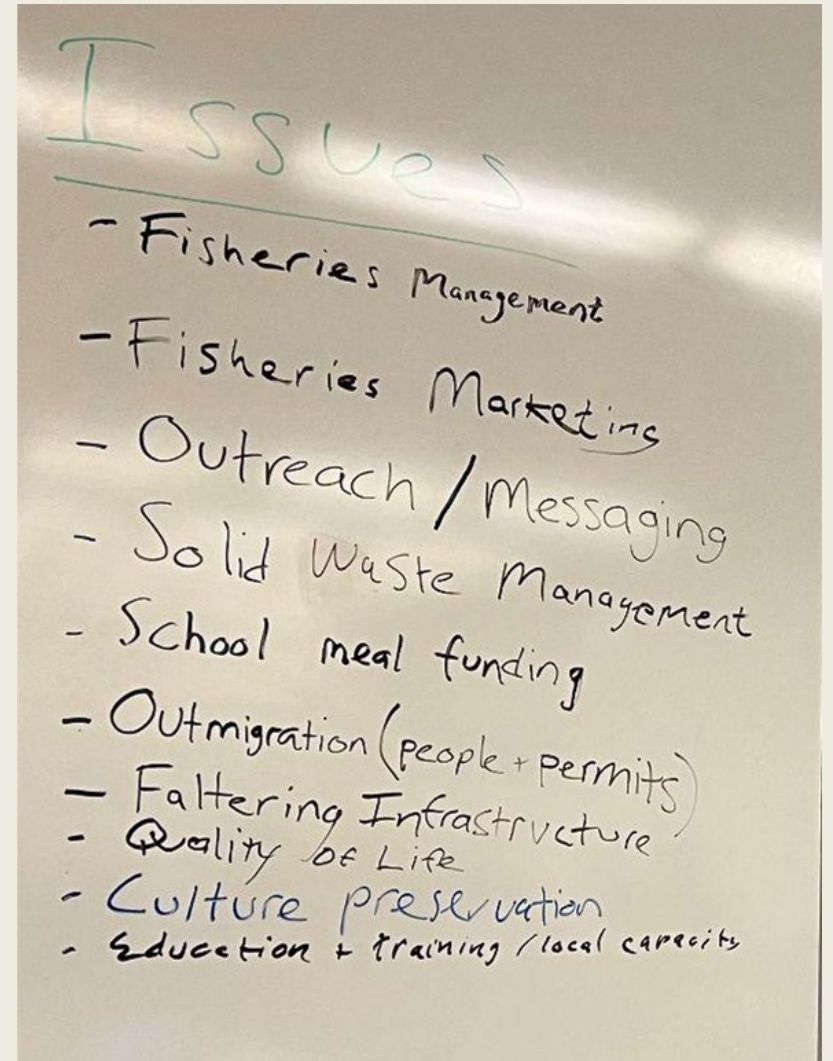

# BACKGROUND

This day camp emerged from CIC and CBTC visioning and feedback from previous Chignik Symposiums

## Priorities:

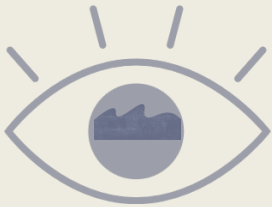

- Involve youth in research and gather their perspectives.
- Contribute to building a path forward for solutions and getting the voices of the Chigniks out there.
- Promote education and technical training within Chignik Bay.

# Why use photovoice in the CIC?

To understand what youth love and value about their community

To gather youth perspectives on and experiences of (environmental) change

Because youth voices are important and can inform decision-making
